

## Want to work on renowned Rolls-Royce Trent Engines?

This traineeship is an opportunity for aspiring individuals who are keen to join aviation industry but do not meet the pre-requisites as a trained aircraft engine technician.

Upon successful completion of the programme, a career as a qualified aircraft engine technician awaits you.

The programme involves a fully-sponsored training programme with an allowance of S\$1,400 – S\$1,600 per month over the one-year training period. The programme encompasses initial company familiarisation, classroom training and on-the-job training.

The initial familiarisation in SAESL provides an insight to the working environment prior to attending classroom training.

The three-month classroom training, consisting of theory and practical sessions, will be conducted and assessed by an external training academy.

The nine-month on-the-job training in SAESL provides the opportunity to learn and work on the renowned Rolls-Royce Trent Engines.

Upon completion of the training, the qualified aircraft engine technician will serve a two-year bond with SAESL.

The starting salary of a shift-rostered technician at SAESL is between S\$1,700 and S\$1,900. Career progression opportunity is open to promising technicians.

## Game for S\$15,000 Retention Incentive?

Commit to a bond of additional two years and be qualified for the S\$15,000 Retention Incentive!

You need not wait for the end of the bond to enjoy the Retention Incentive; it will be paid to you from the start of your traineeship in the form of monthly payments for five years. At the end of the bond, you will get a lump-sum of the remaining amount.

## Do we have your attention?
