

Want to work on renowned Rolls-Royce Trent Engines?

TRAINEE TECHNICIAN TRAINEESHIP

This traineeship is an opportunity for aspiring individuals who are keen to join the aerospace industry but do not meet the prerequisites of a trained aircraft engine technician.

Upon successful completion of the programme, a career as a qualified aircraft engine technician awaits you.

The traineeship involves a fully-sponsored training programme with gross allowance of S\$1,800 – S\$2,000 per month over the one-year training period. The programme encompasses initial company familiarisation, classroom training and on-the-job training.

The initial familiarisation in SAESL provides an insight to the working environment prior to attending classroom training.

The three months of classroom training consists of one month of generic aviation theory and practical sessions with external training provider, and two months of SAESL-specific training and practical sessions in the SAESL Training Academy.

The nine-month on-the-job training in SAESL provides the opportunity to learn and work on the renowned Rolls-Royce Trent Engines.

Upon completion of the traineeship, the qualified aircraft engine technician will serve a two-year bond with SAESL.

The starting salary of a shift-rostered technician at SAESL is between S\$2,050 and S\$2,150. Career progression opportunity is open to promising technicians.

Game for S\$15,000 Retention Incentive?

Commit to a bond of additional two years and be qualified for the **S\$15,000** Retention Incentive!

You need not wait for the end of the bond to enjoy the Retention Incentive; it will be paid to you from the start of your traineeship in the form of monthly payments for five years. At the end of the bond, you will get a lump-sum of the remaining amount.

Do we have your attention?
